Dear Ms. Hannan:

The Diane Black for Congress Committee (FEC ID # C00472878) is in receipt of your Request for Additional Information dated January 14, 2013 regarding the Committee's Amended 2011 April Quarterly report (01/01/2011 - 3/31/2011).

The amended report submitted 12/1/12 shows contributions incorrectly designated to the election code "Other". This was a result of using a conversion file to amend reports that were housed in an older database. The committee will amend the report to show the correct election designations for these contributions.

Finally, the committee has reviewed the list of identified contribution records. The committee's amendment will show that these contributions were for separate election codes and all were within permissible limits with respect to the relevant elections.

Sincerely,

Tommy Whittaker
Treasurer
